Song Yiqing Translation Publishing House: China Agriculture Press Publication Date: 2003-10-1 ISBN: 9787109060265 words: Page :2003-01-01 Edition: Binding: Folio: Product ID: 430103 Editor's Choice SUMMARY contemporary agriculture is like a huge inverted pyramid . from a worldwide perspective. it is built on narrow unstable foundation. Less than 3% of the roughly 250.000 kinds of crops grown for human social use. In a top-down system of agricultural research. farmers only look to become the recipient rather than a participant. since this system has resulted in the situation in a relatively small amount of plant varieties. This trend and the increasing industrialization of agriculture is the main factor of the genetic erosion. For the protection of diversity. improved crop and agricultural research and development to the production of high-quality food for all. need to take a whole new way. This book explores what such a way that one: participatory plant breeding. By depicting the Canadian International Development Research Center. a decade of agricultural biodiversity research. the book-depth study of a series of key issues for field study design and the interests of farmers and breeders. It is proposed to develop the new. the necessity of constructive policies and regulations. It shows the details of the implementation of a series of projects which farmers and breeders from the remote areas of the Andes to the Himalayas cooperation. By analyzing the results of successful and flawed. the author provides a series of specific recommendations for the government and organizations involved in agricultural research and development. The last...
