## INVASIVE OBJECTS: MINDS UNDER SIEGE (RELATIONAL PERSPECTIVES BOOK SERIES)

Routledge, 2010. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "Paul Williams, in this beautifully written set of essays, manages to achieve something extraordinary: He succeeds in conveying the essential core of the psychoanalytic treatment of severe emotional disturbances. He shows the reader how he goes about the difficult task of locating psychologically the embers of the almost extinguished humanity of the patient, and of finding a way to enter into conversation with the patient on subjects that include the desolation resulting from the patient's severed human connection with himself and others. No one writing today brings to life as well as Williams the process of forging a genuine human connection with psychotic patients (and the psychotic aspect of healthier patients), and in doing so, helping to restore the patient's connection with his own humanity - a connection that is the foundation of sanity." - Thomas H. Ogden, M.D., author, *Rediscovering Psychoanalysis* (Routledge, 2008) "In this remarkable book, Paul Williams assembles a wide-ranging array of essays that derive from his experience as a psychoanalyst, anthropologist, and writer. He has long experience in helping psychiatrists to understand the severely psychotic patient, and as such his clinical skill simply leaps off the page. The breadth and depth of Williams' writing will ensure a wide readership of this unusual and important work." - Murray Jackson, M.D., Emeritus Consultant Psychiatrist/Psychoanalyst, Maudsley Hospital and Institute of Psychiatry, London "Drawing on his background as an anthropologist and his training as a psychoanalyst, Paul Williams describes how the search for meaning in human experience is the central quest of his work with his patients. The suffering individual, especially those suffering crippling psychotic anxieties, are at the core of his preoccupations, and his endeavor is to reach and treat them. This requires...
