

Burma and Japan Since 1940: From 'Co-Prosperity' to 'Quiet Dialogue'

Filesize: 8.59 MB

Reviews

A really awesome publication with perfect and lucid reasons. I was able to comprehend every thing using this published e pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Prof. Patsy Blanda)

BURMA AND JAPAN SINCE 1940: FROM 'CO-PROSPERITY' TO 'QUIET DIALOGUE'

NIAS Press. Paperback. Book Condition: new. BRAND NEW, Burma and Japan Since 1940: From 'Co-Prosperity' to 'Quiet Dialogue', Donald M. Seekins, Modern Myanmar/Burma is very much a creation of World War II, when the British colony was occupied by the Japanese, and its immediate aftermath. These years saw the rise of Aung San and his assassination, as well as the establishment of military forces by the Japanese (subsequently evolving into today's ruling junta) and a sharp escalation of inter-ethnic antagonism and violence. Today the military regime continues to survive despite strong opposition at home and abroad. Its resilience is often explained in human rights terms or by reference to close military engagement with drug-dealing warlords. What is less recognized, however, is that not everywhere is Burma an international pariah state. By its inclusion within their fold, the ASEAN states have worked hard to 'normalise' Burma, and China has provided strong backing for the military regime. The Japanese government, which gave massive amounts of development aid to Burma before 1988, has pursued a policy of 'quiet dialogue' as a non-confrontational way of promoting economic and political reform. Tracing Burma-Japan relations since 1940, this volume will be of value not only for an understanding of post-war Japanese diplomacy and aid programmes, but also because it offers new material and insights on the ongoing story of Burma itself.
