Excerpt: .at times if improperly loaded in a way for which they are responsible. Car inspectors make repairs of injuries or broken parts when such can be made by the replacement of ready-made standard parts, of which they keep a stock on hand. In case more extensive repairs are needed cars are sent to the extensive main repair shops. Speaking in a general way, it may be said that shops for locomotive construction or repairs consist of the blacksmith shop, a foundry at times, the machine shop, and the erecting shop; and for car work the blacksmith shop, the wood working shop, the erecting shop, and the paint shop. Each of these shops has its foreman. Division master mechanics and shop foremen need to employ considerable office or clerical forces. In these offices the payrolls and requisitions for material are made out, and thence to the...
