Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Illinois State Laboratory of Atural History Normal, Ill: Circular of Information, July, 1878 Prof. S. A. Forbes, Curator of the Laboratory, by vote of the Board, read his annual report, as follows: To the State Board of Education: This is an institution whose chief objects are the prosecution and aid of original work on the natural history of the State, (preference being given to subjects having special educational or economical value, ) the publication of the results of such work for the information of the people, the training and instruction of teachers of botany and zoology for the public schools, and the supply of the necessary scientific material to these schools, to the State Museum, and to the State educational institutions. It affords a place to which Many specialist or scientific student may come, with the assurance that he will find everything necessary for special study or original work on the natural history of Illinois, to which any teacher may come for preparation to teach these subjects intelligently, and upon which the officers of any school may draw for material to Illustrate the scientific work of their school. Its operations are guided by the conviction that the spread of the knowledge and discipline of science among the people is essential to their highest prosperity; that this is a matter of public rather than of personal concern, and that it must be provided for by public rather than by private measures. To encourage the spontaneous and gratuitous labors of our scientific men, to assist them at least to the extent of supplying them with such facilities for work as are beyond the reach of individuals,...
