

The Sirens of Titan: SF Masterworks

By Vonnegut, Kurt.

Gollancz. 1 Paperback(s), 2004. soft. Book Condition: New. In his second novel, from 1959, Kurt Vonnegut revealed his true gifts as a science fiction writer. "The spareness hits you first," wrote William Deresiewicz in a 2012 retrospective on Vonnegut. "The first page contains 14 paragraphs, none of them longer than two sentences, some of them as short as five words. It's like he's placing pieces on a game board so, and so, and so." Vonnegut gives us the bizarre, entangled lives of Malachi Constant, the richest man in 22nd-century America; Winston Niles Rumfoord, a now-disembodied human who knows everything that has happened or will happen; and a robot from Trafalmore, millions of years old, who needs a spare part for his flying saucer. 224.

Reviews

A top quality publication as well as the typeface used was intriguing to learn. Yes, it is play, still an amazing and interesting literature. I discovered this publication from my i and dad suggested this book to learn.

-- Prof. Louvenia Flatley

It is one of the best publications. It is definitely simplistic but excitement in the 50% in the ebook. I am very happy to let you know that this is basically the greatest publication I have got through within my own existence and could be the greatest pdf for ever.

-- Dr. Anya McKenzie
