THE CAMBRIDGE ECONOMIC HISTORY OF THE UNITED STATES, 3 VOLS.

DOWNLOAD

Cambridge University Press, Cambridge, UK, 2000. Hard Cover. Book Condition: New. Dust Jacket Condition: New. In the past several decades there has been a significant increase in our knowledge of the economic history of the United States. This has come about in part because of the development in economic history, most particularly with the emergence of the statistical and analytical contributions of the new economic history, and in part because of related developments in social, labor, and political history that have important implications for the understanding of economic change. The Cambridge Economic History of the United States has been designed to take full account of new knowledge in the subject, while at the same time offering a comprehensive survey of the history of economic activity and economic change in the United States, and in those regions whose economies have at certain times been closely allied to that of the United States: Canada and the Caribbean. Contents Volume I Preface; 1. The history of Native Americans from before the arrival of the Europeans and Africans until the American Civil War; 2. The African background to American colonization; 3. The European background; 4. The settlement and growth of the colonies: population, labor, and economic development; 5. The Northern Colonies: economy and society, 1600-1775; 6. Economic and social development of the South; 7. Economic and social development of the British West Indies, from settlement to c. 1850; 8. British mercantilist policies and the American colonies; 9. The revolution, the constitution, and the new nation. Volume II 1. Economic growth and structural change in the long nineteenth century Robert E. Gallman; 2. The economy of Canada in the nineteenth century Marvin McNinnis; 3. Inequality in the nineteenth century Clayne Pope; 4. The population of the United States, 1790-1920 Michael R. Haines; 5. The labor...
