### ***Reviews***

*This publication is really gripping and exciting. It really is basic but unexpected situations in the 50 % in the book. It is extremely difficult to leave it before concluding, once you begin to read the book.*

## ANCIENT ALIENS OF THE AMERICAS

Createspace, United States, 2011. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Long before Christopher Columbus set foot in the Americas, long before the Vikings discovered the New World, the indigenous cultures of the Americas developed complex systems of government and constructed magnificent cities with towering pyramids and temples and were proficient in art, science and astronomy. They also were keepers of long forgotten knowledge and harbored secrets of complex math, science and astronomy unknown to European explorers. Discover the thriving and forgotten people of Ancient America and explore their belief systems, the symbology they used to illustrate their complex and comprehensive understanding of their origin, and examine many of the artifacts they left behind, clues perhaps to help us better understand who they were, where they came from and why they believed they were connected to the stars. Could Ancient Americans have been the first to populate the earth? How do we explain their complex language, their mysterious forms of art, their proficiency at math and their knowledge of time, and how could they chart the stars and planets with such perfection without the use of modern and high-tech equipment? Venture into the world of Ancient America and uncover secrets, explore the possibilities, and dare to open your mind to the lost knowledge of these highly advanced cultures and why they abandoned it all.
