Reviews

Comprehensive information for book fans. It is one of the most amazing book i actually have read. Once you begin to read the book, it is extremely difficult to leave it before concluding.

THE VEGETABLE GARDENER'S BIBLE (2ND REVISED EDITION)

To read **The Vegetable Gardener's Bible (2nd Revised edition)** eBook, please access the link beneath and save the document or have access to additional information which are relevant to THE VEGETABLE GARDENER'S BIBLE (2ND REVISED EDITION) book.

Storey Publishing LLC. Paperback. Book Condition: new. BRAND NEW, The Vegetable Gardener's Bible (2nd Revised edition), Edward C. Smith, Ed Smith is back with a 10th Anniversary Edition for the next generation of vegetable gardeners. New to this edition is coverage of 15 additional vegetables, including an expanded section on salad greens and more European and Asian vegetables. Readers will also find growing information on more fruits and herbs, new cultivar photographs in many vegetable entries, and a much requested section on extending the season into the winter months. No matter how cold the climate, growers can bring herbs indoors and keep hardy greens alive in cold frames or hoop houses. The impulse to grow vegetables is even stronger in 2009 than it was in 2000, when Storey published "The Vegetable Gardener's Bible". The financial and environmental costs of fossil fuels raise urgent questions: How far should we be shipping food? What are the health costs of petroleum based pesticides and herbicides? Do we have to rely on very large farms that use petrol powered machinery to grow and harvest crops? With every difficult question, more people think, 'maybe I should grow a few vegetables of my own'. This book will continue to answer all their vegetable gardening questions.
