Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Horticulture Orchard Cleansing: Remedies for Insect Pests and Diseases The first edition of this Bulletin, consisting of seven thousand copies, was issued about one year ago. There was such an unexpected demand for it that a second edition of twenty thousand copies was printed and distributed throughout the Province. This issue is now exhausted, and it has become necessary to issue another thirty thousand copies. A year s experience has added much valuable information as to the relative merits of the several spraying mixtures recommended. We have conducted successful experiments with the No. 1 Mixture (Lime-Sulphur-Salt), both as an insecticide and fungicide. There are several brands on the market, all of which have given fairly good results as insecticides. Early last Spring Professor Cordley, of Corvallis Agricultural College, a most distinguished scientist and successful horticulturist, published in the Horticultural Press a statement of experiments which he had successfully conducted with the Lime-Sulphur solution as a fungicide, especially valuable as a remedy against Apple Scab, *Fusicladium dendriticum*. Acting on the report of Professor Cordley, some of our growers used the Lime-Sulphur solution as a summer spray at a strength of one gallon of the ready-made concentrated mixture to fifteen gallons of water, with results injurious to both fruit and foliage. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
