

# Addressing Indonesia's Economic Growth in Transitional Era. Do Institutions Matter?

By Dahlia Buchari

GRIN Verlag GmbH Feb 2015, 2015. Taschenbuch. Book Condition: Neu. 210x149x13 mm. This item is printed on demand - Print on Demand Neuware - Scientific Essay from the year 2015 in the subject Economics - Economic Cycle and Growth, University of Syiah Kuala, course: Economics, language: English, abstract: For decades media as well as citizens frequently listen to the voice of those struggling under what it is called as economics injustice. The story of twenty-two years top and down resources exploitation in Papua, starting from Scott Paper in 1988 until mega development project of MIFEE (The Merauke Integrated Food and Energy Estate) right now, has caused many severe problems, including human right abuses, environmental devastation and enduring poverty for indigenous people while creating prosperity for immigrant workers. Another story of corruption and gratification from President Soeharto's era until the end of President Susilo Bambang Yudhoyono's era, covering almost all elements of political elites, ministers, governors, regents and even the prosecutors has led to the crisis of public trust towards the governments. The other story of human trafficking of Indonesian woman labors in Arab world and the high rate of unemployment, 5.7 % (BPS, 2014), which is the highest after...

## Reviews

*Thorough guide! Its such a very good go through. It is really simplified but surprises in the 50 % from the ebook. You will like how the blogger write this ebook.*
