Recently graduated from college, she s thrilled when she gets a job as a public school math instructor. But her joy soon turns to despair when she realizes the job she dreamed of is something of a nightmare. First, the length of her employment is based on the results of a standardized test known as the FCAT. What s more, Brenda s students are disrespectful and uninterested in learning-and in spite of Brenda s phone calls, their parents don t care. The administration is determined that students must improve their test scores-no matter the cost. Brenda quickly finds herself under the watchful eye of assistant principal, Mrs. Harrison, who-instead of offering her support-seeks to get rid of Brenda, documenting her performance in the classroom and threatening to place her on a professional disciplinary plan Brenda s only friend, Mr. Fisher, is also under evaluation. They are both thwarted at every turn, harassed via weekly interrogations and classroom reviews. Brenda s dream of being a teacher is vanishing before her eyes, and she must decide: are students worth fighting for, or will she give in to administrative pressure and quit before stress destroys her body and mind?.
